City of Mountain View

PROJECT DATE(S):

2015 - 2016

TJKM CLIENT REFERENCE:

Rebecca Shapiro
City of Mountain View
500 Castro Street
Mountain View, CA 94041
(650) 903-6306
rebecca.shapiro@mountainview.gov

TJKM FEE:

\$36K

PROJECT DESCRIPTION:

TJKM performed a traffic impact analysis report for the proposed residential, retail, and commercial mixed-use development to be designed in conjunction with, and to share a courtyard with, the existing St. Joseph Roman Catholic Church, located on the corner of Church Street and Hope Street.

The proposed development replaced an existing surface parking lot and the existing Church parish office (7,420 sq. ft.) The existing St. Joseph's Church will remain on the corner of Hope/Church Street. TJKM collected data; performed field review; existing, background, and cumulative conditions; level of service analysis, site access, and on-site circulation; and queuing and signal analysis. In addition, TJKM peer reviewed the project's Shared Parking Analysis.

VISION THAT MOVES YOUR COMMUNITY
